

Dear Physician,

Attached please find a **Statement of Certifying for Therapeutic Shoes and a Prescription** for your approval and signature. Both a prescription and this Certification Statement are required by Medicare in order for us to treat and provide shoes and inserts for diabetic patients. Medicare guidelines now require the prescription to have the diagnosis, the diagnosis code and the duration of need to be signed by the patient's diabetic care manager. In order to comply with Medicare guidelines, we are sending the documents to you for completion.

Current Medicare guidelines allow each Medicare recipient, with a diagnosis of conjunction with certain related problems, to receive one pair of extra depth diabetic shoes and three pair of diabetic inserts each year. On behalf of this patient, we are requesting a prescription that is written in this way. If you should have any questions please feel free to call our office.

We appreciate your assistance in advance with helping us provide quality care to the patients in this community.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tommy McCrea', is written over a horizontal line.

Tommy McCrea, CPO

Dear Patient,

Attached you will find a letter and a Statement of Certifying for Therapeutic Shoes and a Prescription for you Diabetic Physician to sign. Due to Medicare rules and regulations we are required to have this paper work signed before we can order your shoes. Please make an appointment with your physician to have this paper work signed. Once you have all documents signed please return to our office and we will then measure you for your diabetic shoes. If you have any questions, please feel free to contact our office. Thank you!
